

DUAL-USE GOODS

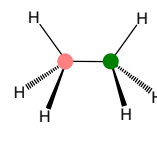

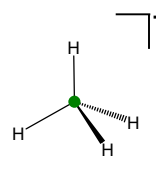

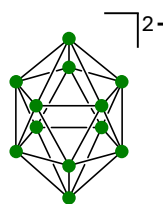

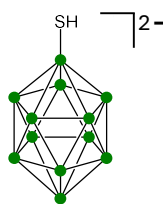

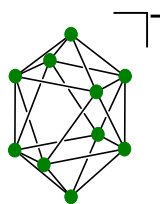

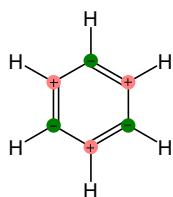

ORDERING PROCEDURE

Dual-use items are goods, software and technology that can be used for both civilian and military applications and are regulated by the European Union.

All our products enriched with the isotope ^{10}B are classified as dual-use items!

EXAMPLES

REQUIRED DOCUMENTS:

Purchase Order Summary

End-Use Declaration (EUD)

*A completed End-Use Declaration form is **mandatory** for all customers.*

STEPS TO FOLLOW

1

Email the scanned documents:

- Purchase Order Summary
- Completed End-Use Declaration

sales@katchem.cz

2

Submit the original printed documents by mail to our address:

Katchem spol. s r.o.

Minická 635, 278 01, Kralupy nad Vltavou,
Czech Republic

WARNING

End-Use Declaration - Introduction of use:
Simply stating "Research" is insufficient. Please specify the exact purpose for which the dual-use goods will be utilized.

If the Buyer is not the end user, they are obligated to include a declaration from the actual end user.

All information are available on our website

DUAL-USE GOODS

ORDERING PROCEDURE

SUBMIT ORIGINAL DOCUMENTS

- ✓ Without a fully completed document, printed on your **institution's letterhead** and bearing **the signatures of the statutory representative** and an **original stamp**, our company cannot apply for an export license from the License Administration of the Ministry of Trade and Industry of the Czech Republic.
- ✓ Upon delivery of the goods, we must receive written **confirmation** from your customs office **that the goods have been delivered** to the end user.
- ✓ Additionally, we require **written confirmation** from the end-use customer acknowledging receipt of the goods (the form will be shipped along with the goods and by email, as well as included with the invoice). Unfortunately, this confirmation must be provided by the end user. We are obligated to declare this confirmation (which can be scanned and sent via email) to the State Office for Nuclear Safety, which issued the export license, immediately after export.
- ✓ All documents must be prepared and signed **in duplicate**. One copy shall be submitted to the relevant authority, and the other shall be retained by the company.
- ✓ You are responsible for obtaining all necessary information regarding **the import** of dual-use goods from the competent authorities in your country.

SHIPPING

Goods will be shipped upon completion of the licensing procedure (typically within 6-10 weeks). If manufacturing is required, the dispatch date may be adjusted.
